codeEU

What is the aim of Europe Code Week?

- To bring basic programming skills and digital literacy to everybody in a fun and engaging way

*"Since the beginning of times, humans have created with stone, iron, paper and pencil. Now we live in a different era where we **mould our world in code**. During Code Week we want to give everyone the opportunity to discover coding and have fun with it. Let's learn coding to shape our future!"*

Alessandro Bogliolo, EU Code Week coordinator

Digital Education Action Plan

- Actions to help education systems to adapt to the digital transformation.
- EU Code Week to spark school leaders and teachers interest in digital education.
- Help speed up innovation in education systems and improving teaching and learning.
- Target: reach 50% of primary and secondary schools in Europe by 2020.

Get involved

- Organise your own **coding event** or **coding corner**.
- Check out the Code Week map and **take part** in a coding event.
- Contact your Code Week ambassador.
- **Spread the word** – on Facebook and Twitter
- CodeWeek4All challenge - Challenge your school to engage all its students in coding events and get a Certificate of Excellence in Coding Literacy from the European Commission.
- Ode to Code video contest - Dance the *Ode to Code* and share your video on Youtube

What can teachers do?

Teachers

- Check our [7-step guide](#) and [tutorials](#) – some in local languages
- No computers? Do off-line activity e.g. [CodyRoby](#)
- Invite coaches, parents, the university or local companies to share their experience
- Take part in the [CodeWeek4All challenge](#).
- Add your event to the [map](#)!
